Revised 5/15

Partial Listing of Illegal Bats

Included on the reverse side is an updated listing of **Illegal** softball bats. Composite Bats, including Half and Half Bats, are considered Illegal and will be penalized in the same manner as Multi-Wall Bats and Titanium or Teledyne Alloy Bats.

Remember, the following listing of Illegal Bats is constantly evolving and should not be considered final.

Penalty for Possession of an Illegal Bat:

1st Offense –

- A. Batter will be declared out**
- B. Baserunners, if appropriate, return to original base**
- C. Batter will be ejected and suspended for two games**

2nd Offense – (By Same Batter)

Same penalties PLUS batter will be suspended for remainder of Season!

Helpful Hints When Shopping For Bats:

A bat is Illegal if....

- 1. It is constructed with two or more metal walls, layers, or shells**
- 2. It is made of a composite material**
- 3. It is marked to contain Titanium or Teledyne**

As a Team Manager, your responsibility is to make sure all of the bats used by your team are **Legal**. Talk to your players!

Contact our office at 441-4245 if you have questions.

** New illegal bats for this year in **Bold** and *Italics*.

Please see reverse side for partial listing of Illegal Bats
